

# SANI - WALK™

DUAL ANTIMICROBIAL TECHNOLOGY

Crown's innovative new Sani-Walk™ entrance matting utilizes a very unique **dual antimicrobial technology featuring 99.9% antibacterial and antifungal control** in both the extruded carpet fiber and our durable vinyl backing to assist you in controlling the environment where employees, patrons, and guests visit.....*the entrance.*

While everyone continues to focus on the cleanliness related to the hands and mouth, Crown provides an entrance matting solution to address an area that is often overlooked.

For more information, please reach out to us at 1-800-MAT-LINE To speak with one of our inside sales representatives today.
