

Acme United Corporation

We are pleased to announce that on June 2, 2014 Acme United Corporation finalized the acquisition of First Aid Only. First Aid Only is recognized as an innovative leader in the safety industry, having pioneered consultative selling and support programs to their corporate customers. The acquisition brings together two leading first aid manufacturers and is highly complementary to our existing Pac-Kit and PhysiciansCare first aid businesses.

We intend to make this transition as smooth as possible. Customers will continue to purchase products and receive customer service support through their existing contacts. The existing teams are ready to support all of your business requirements moving forward.

It is with great pleasure that we welcome you to the Acme United customer family. As a valued Acme United customer you will benefit from our expanded first aid capabilities, continuous product innovations, category leading cutting technologies and most importantly our commitment to delighting you as our channel partner.

Mark Miller will remain President of First Aid Only and continue to lead the Vancouver, Washington operation, which he founded in 1988. We want to thank the employees from First Aid Only for their dedication and contributions. Lastly, we would be remiss if we did not express our gratitude to Mark for trusting us with the business he has built.
